SPEAKER BIO

Mike Ichiriu
VP of Marketing and Product
Zentera Systems

Mike Ichiriu directs the strategic vision for marketing and product development at Zentera, spearheading the advancement of cutting-edge Zero Trust solutions. With a comprehensive background across software, hardware, and systems, Mike excels at driving innovation to address both the business and technical challenges faced by customers. Prior to joining Zentera, he served as a senior executive at NetLogic Microsystems, where he played a pivotal role in guiding the company from pre-revenue to a successful IPO and eventual acquisition by Broadcom. At NetLogic, Mike was instrumental in the development of high-performance DPI co-processors, which became critical components for leading firewall and IDPS vendors. He also led the virtual mobile infrastructure business at Avast. Mike holds degrees in Electrical Engineering and Biology from the California Institute of Technology.
